

Mohamed Shrief

JR. WEB DEVELOPER

objective

Getting solid ground of knowledge, by working and learning from experienced people to solidify my skills

Skills

- JavaScript (ES5, ES6)
- VueJS + (Pinia and vue-router)
- NodeJS and Express.JS
- PHP
- Laravel
- MySQL and MongoDB
- CSS, SCSS and TailwindCSS
- I'd an experience deploying with Docker

Working to add:

- TypeScript
- Unit/E2E Testing using Cypress and Jest
- Basic knowledge about Architecture and Design

Looking to be

- Consistent.
- Doing priorities first.
- Dedicated to deadlines.
- Very flexible but very clear.
- Putting no cognitive load on users.
- Developing and Deploying with security always in mind.
- Honest and direct communication
